TUDOR LODGE SURGERY

Salaried GP

4–8 sessions a week, ideally 6

We are a warm, friendly and supportive practice, and a great place to work. One of our much-loved salaried GPs retires at the end of March after many years here, and we are looking for a GP to join us. Newly qualified GPs are very welcome.

Personalised lists. No duty doctor. Lunch together.

Continuity is super important to us
Personalised lists mean you really get to know your patients.

An open door
All our GPs have an open door to support their colleagues.

Monthly learning
An afternoon of CPD for all GPs every month, as part of local learning.

No duty doctor
We don't have one. Your day is built around your own patients.

Lunch together every day
We all sit down together, and there is a lot of laughing.

Private work, handled
We outsource as much as we can, and pay passes to the GPs who do the work.

Back office clinical support helps you with documents and path results.

Your working day

25 patient contacts a day (2 sessions)

24 of these are appointments, a mix of face to face and phone

1 is a home visit. They are not daily: 1 or 2 a week is typical

A great team around you

Including 2 paramedics, a mental health nurse, an older persons' mental health nurse, a learning disabilities nurse and a care home nurse, to name a few.

Things we're proud of

Superb patient access, worked hard for over the years, and a very positive CQC inspection last year.

Interested in frailty? Whether you already have a special interest or would like to develop one, we would love to hear from you.

Come and meet us

Informal chats and visits welcome. As a first step, please contact our Practice Manager.
